To avoid confusion, website conversion, form and content to meet nowadays requirements is currently being processed. Due to update, we will welcome our customers on a new, redesigned and up to date informed web site, and hope it will better serve their needs and requirements.

Coordinates of MINELL Kft. Head office and main site in Százhalombatta:
47°19'20"N, 19°53'52"E

Northerly: on M6 Headway, take the exit "Százhalombatta Észak"- in the first traffic circle, take the exit to the main road number 6 to "Ercsi - Batta Ipari Park" sign, before the gas station to the left (there is also a separate turning traffic lane).

From the South: on M6 Headway South Százhalombatta, take the exit "MOL Dunai Finomító" (this is the MOL Danube Refinery) – in the first traffic circle take the third exit to the main road number 6 to Budapest, then toward to Érd - "Batta Ipari Park" sign, right after the refuel-station (first there is a turning lane only for the station, after there is a separate turning lane for the Industrial Park).

Inside the Industrial Park: Going along the industrial park's main street - after right angle turn, take the second street on the right – there is a small sign "MINELL Kft." – At the end of a dead end straight into the galvanized double-gate (Figure 1)

From Százhalombatta to the Industrial Park: Between the „Városkapu street”, the main street of Százhalombatta and the main street of Industrial Park, there is a direct passageway on the grade crossing between the MOL refuel station and the SPAR mall. (Figure 2.) The passageway ends up with a STOP sign in the previously mentioned right angle turn of the Industrial Park's main road.
